ALL SORTS.

Look at the beautiful weather. The Silver party is giving the people.

The Populists are running candidates in 3.9 congressional districts.

Extra copies of the list of registered voters can be had at the APPEAL office.

There is a foot and a half of snow on the English mountain, Nevada county.

During the past week the Pigeon point Whaling Company killed four whales.

It is estimated that the State will poll 1,000 less votes this year than it did two years ago.

The Czar of Russia is liable to die today, in fact, it was reported last night that he was dead.

The way in which the Republicans have been stuffing the register shows the desperation of their cause.

No party ever long succeeded in holding the public confidence who attained political supremacy by stuffing registers.

Voters who have any doubt about the proper manner of voting by the Australian ballot should post themselves thoroughly before election day.

A few days ago several dogs in one night killed sixteen out of a flock of eighty sheep on the ranch of George Gibney, six miles south of Cloverdale.

The Silver State says M. S. Boncuffield has the record of winning more cases before the Supreme Court in 1892 than any other attorney in Nevada.

Hugh Frey of Sonoma county, with a hay press, five men, one boy and four horses, turned out this season 2100 tons of baled hay or 4,200,000 pounds.

The statement that a bill of \$630 was presented by the R. R. Co. for damages done the train by hoodlums who came to the Silver meeting, turns out to be \$14.50.

The Silver State says about 1,000 voters are registered in Humboldt and doubtless from 800 to 900 votes will be cast. At the last election there were 891 votes polled.

The band that is guiding, Douglas showed itself in the rank of the Republicans yesterday. The expense was all among the Republicans. Geo. Mills had to dig down for the music.

Secretary Gray has selected a light blue for the official ballots with the water mark of a crow. The paper and the bird are both reminders of the G. O. P. in this particular campaign.

Mrs. Midge Kendall, the actress, "sets her face against bicycling by ladies." Setting on her face when bicycling may be Mrs. Kendall's style of riding, but we think the old method of setting on a bicycle adopted by the pretty girls of Carson much more modest.

About the most level headed man on the Republican ticket is James E. Torreyson. He doesn't fool away any time galavanting around the country soliciting votes, as he knows the whole ticket on which he is running is doomed to defeat and wisely remains at home and saves useless expense. A wise head has James.

It would be a very graceful act on the part of Mrs. Oelrichs and Miss Fair to open the doors of the Pine-street mansion to their throng of friends and give a real tip-top ball. They have the house, the money, and the savoir faire. Will they take the hint?—Wave.

Rumor has it that the Oelrichs hold on to the purse strings very tightly and they never entertain anybody until the papers give them the hint a few times.

It's like pulling teeth to get any of this crowd to spend a cent on anybody but themselves and they frequently walk eight or ten blocks to save horse-car fares.

The Old Story.

All citizens and taxpayers who have the welfare of the county at heart, and who desire to see the county placed on a cash basis, should vote for Messrs. Woodbury and Bray for County Commissioners. It will not do to elect inexperienced men like the Silver party nomination. —Tribune.

This was the same lay piped to the voters last election by the same paper. But the "inexperienced Board" elected by the Silver men has saved the county thousands of dollars.

WHITE PINE SILVER MEN.

Cherry Creek Red Hot For the True Business.

Mr. Editor—We of this section of Nevada beg a little space in your valuable paper for a fair representation of the cause, as our home paper is so small and its editor so hide-bound and black, that any ray of light from the white metal warps his mind and blinds his eye.

Hon. Thos. Wren, amid the bonfire of anvil and the blazing of bonfires, addressed the largest and most enthusiastic meeting of Eastern Nevada. His remarks were listened to intently and he was frequently interrupted by a most sincere applause. He handled the subject with marked ability, and profound wisdom. He gave Bartine some severe and well deserved rebukes for his past treachery and his present imprudence. He predicted a glorious victory on the 6th of November for the West in the cause of free coinage 16 to 1.

Farmers Burke of Schellbourne presided as Chairman and proved himself to be a most efficient officer, and the few remarks he made was a surprise to his many friends, for he handled the subject of finance as an old veteran and spoke words of truth and wisdom that struck terror to the old parties and was a source of comfort and true loyalty to the cause of silver and its friends who are a unit here.

Following the oratory was a dance and from the joyousness and energy displayed it was an entire success. During intermissions between dances T. Birchick with his guitar gave choice vocal selections in a most charming manner and was the center of attraction of the charming and beautiful daughters of this portion of Eastern Nevada, who are all for silver, 16 to 1. This county will give a large majority for the cause.

The complete success of this meeting from start to finish is due entirely to P. H. Cannon who proved himself to be the right man in the right place. Nothing stood in his way toward entire success, and he and the rest of the citizens of this place will be true and loyal to the cause of the white metal on election day.

MATT BASSITT.

On Deaf Ears

The Elko Independent closes a report of the last Republican meeting at Elko as follows:

On the whole the meeting was a success, but the appeals of the speakers for votes to place the Republican party in power in Nevada again fell upon deaf ears. The candidates were all at their best and personally made a good impression, but the people of Elko county have their necks bowed this year and will do their part toward sending them all up Salt River to repeat of their foolishness in running for office in Nevada on the Republican ticket in this year of our Lord, 1894.

The above is taken verbatim from the Independent. This is how the stupid Tribune garbled it last evening.

On the whole the meeting was a success. The candidates were all at their best and personally made a good impression. —Elko Independent (Silver party organ.)

Cut out for a Politician.

A western preacher gives the following account of a test to which he submitted one of the boys.

I said the other day: "Wife, that boy has reached a period when we ought to find out what he is going to be." So we got up an original experiment. We put him in the parlor with a bible, an apple and one dollar and I said: "Wife, we will go and leave him. If when we get back, he is pouring over that bible he will follow my profession, and we will make a minister out of him. If he is examining the apple and has got the dollar in his pocket, we will make a lawyer or a banker out of him." When we came back the boy was sitting on the bible, eating the apple out of one hand, holding the dollar tight in the other, and I said: "Wife, that boy is a hog; we'll make a politician out of him."

The Carrie Furnace Company has advanced the wages of day laborers from \$1.05 to \$1.25 per day. It is believed that other employers of labor who have been paying less than \$1.20 for day labor will restore the price to what it was prior to the panic. This is the second advance in wages which has occurred in Pittsburgh this year. The other was to the laborers at the South side mill. They, however, only received a 7 cent advance.

NIXON'S BANNER.

How to Award it After the Election.

The APPEAL has always protested against awarding Nixon's banner to the county polling the largest number of votes for the silver ticket.

The old plan of awarding the banner was merely a question of numbers. We think a better plan would be to give it to the county voting the smallest per cent of the scratched tickets for silver. Consider a ticket headed by Jones and Newlands a Silver ticket. It would be easy to figure on the amount of these tickets scratched and the county being closest to the line on the State ticket thus headed ought to have the banner. We would like to hear what the Silver men of Eureka think of this proposition.

The Eureka Sentinel says: The Nevada newspapers are pretty generally resenting the mud throwing at Hon. J. E. Jones, the Silver party candidate for governor, indulged in by the little goldbug sheets. Mr. Jones is all right; the people appreciate him and will give him the biggest majority that he has ever had.

Republican Methods.

Nohe Jefferson and James A. Kennedy straight Republicans are on the registry list, yet they have not been in this county for nearly a year.

Jefferson No. 754, Kennedy 812, John H. Kinkead is also there No. 785, yet he did not reach this city until last Sunday. The registry books closed the evening before Kinkead reached here, but on the last day all good Republicans who were not here to register, were kindly placed on the list.

If this sort of thing is allowed, better abolish the registration laws altogether for they seem to be as an absolute dead letter in this county.

What It Will Mean.

The Silver party victory in November will mean:

That Nevada is to remain at the head of the silver column and will continue the free coinage fight;

That the finances of the state will be honest and capably administered;

On the other hand, a Republican victory will mean:

That the people of the state still hold allegiance to the party that demonetized silver and that has constantly refused to renounce it;

That the leadership of John Sherman is preferred to that of John P. Jones.

An Elopement.

A young couple under age were put off the train at Verdi on Monday night. They were west-bound and admitted they were running away. They walked on to Plinston and asked for accommodations, but were refused, thence to Dysart, where shelter was offered to the girl, but the young fellow was refused. The girl would not leave her companion and the couple moved on. It is reported that they were from Lovelock, but their names were not learned. —Journal.

How Came It There?

George T. Davis name is on the Great Register of Ormsby county. It is numbered 847, showing that it was among the last registered. George T. Davis has not been in this city for nearly a month. How then comes his name on the registry list. Did some one impose on Justice Hawthorne and personate George T. Davis? If so the matter should be investigated, and the man who did it brought to account for his act.
